RE: New Cingular Wireless PCS, LLC d/b/a AT&T ("AT&T") - Request for Continuance Regarding the Application for Special Permit to Extend the Existing Monopole by 20' and Install Associated Equipment at 200 Westboro Street, Grafton, MA (Assessor's Map 21, Lot 1.A)

Dear Honorable Members of the Grafton Planning Board:

As you know, we represent AT&T with respect to the above-referenced application (the "Application") pending before the Grafton Planning Board (the "Board"). On behalf of AT&T, we respectfully request a continuance of the upcoming public hearing scheduled for Monday, February 10, 2020 to the Board's meeting on February 24, 2020. AT&T is working to address the issues raised in the report by Board's consultant and in the Staff Memo from the Planning Department, which we recently received. We are preparing a comprehensive response with documentation to evidence compliance with federal, state and local requirements. For your information, we electronically submitted the report of the balloon test to the Planning Department.

Of course, we also agree to extend the so-called FCC "shot clock" to March 20, 2020 to allow adequate time for consideration of the Application. If you have any questions, please do not hesitate to contact us. Thank you for your anticipated cooperation.

Sincerely,

BROWN RUDNICK LLP
